COLLEGE ACCREDITATION
Bluegrass Community and Technical College is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (1866 Southern Lane, Decatur, Georgia 30033-4097; telephone 404-679-4501) to award associate degrees.

BCTC is an equal opportunity institution.
Complex scientific and technological developments have significantly transformed the manufacturing and machining technology fields. As a result, industry seeks highly educated, competent multi-skilled problem solvers.

Qualified trained technicians are in high demand for these rewarding careers and earn high pay with good benefits. The Georgetown Campus provides training with a very unique approach that simulates a manufacturing facility and environment. Students learn with an emphasis in hands-on learning utilizing a manufacturing simulator, to integrate their knowledge and skills into that of an effective multi-skilled technician.

Bluegrass Community and Technical College prepares students of all stages and backgrounds including recent high school graduates, single mothers, displaced workers, and professionals with advanced degrees. Today, the college's commitment to career-oriented education is supported by the hundreds of graduates who are growing in their careers as a result of their college experience.

Our Manufacturing Industrial Technology program is designed to provide a multi-skilled worker with a focus on hands-on experience and trouble shooting while also teaching leadership and teamwork skills. Typical courses include:

- Electricity and Electronics
- Electrical Motor Controls
- Hydraulics/Pneumatics
- Machine Structure/Repair
- Programmable Logic Controllers
- Blueprint Reading
- Welding

Students in the Machine Tool Technology/Tool and Die program learn the skills of manual and CNC machining coupled with hands-on skills to maintain the largest dies and molds. Typical courses include:

- Basic Machining
- CNC Machining
- Hand Finishing
- Metallurgy
- Die and Mold Theory
- Electricity
- Hydraulics/Pneumatics
- Welding

**EXCITING MANUFACTURING CAREERS**

Rewarding Professions!
High Pay!
Good Benefits!

The demand in manufacturing for well-trained, energetic individuals has never been stronger. Whether your desire is to work on the latest high technology equipment or advance into management positions, Bluegrass Community and Technical College is the starting point for an exciting career in manufacturing.

Financial aid is available to qualifying students.
