Distance Learning Advisory Committee
Charge: Advise the Assistant Dean for Distance Learning and provide input and recommendations for policies affecting distance learning including but not limited to:

- Annually assess the state of college services (academic and non-academic) provided to students via the internet including needs for ADA accommodation
- Review and respond to online student evaluations
- Examine training needs for distance learning
- Consider and recommend possible programs to offer through distance learning
- Explore successful initiatives and model distance learning programs
- Recommend resources needed to support and grow distance learning programs
- Monitor activities and propose connections to the KCTCS Virtual Learning Initiative

Membership: Assistant Dean for Distance Learning (chair), Master eMentors, and representation from each division and non-division and from each campus.
