Bluegrass Community and Technical College

FEDERAL WORK-STUDY

JOB DESCRIPTION

Job title: Student Sustainability Steward

DEPARTMENT: Work as part of M & O; R. Glasscock is in HLSS

ROOM & BUILDING: MB 221

SUPERVISOR: Sustainability Task Force (contact is Rebecca Glasscock, 56319)

EXTENSION: 56319

Job Description:

The Student Sustainability Steward will assist the BCTC Sustainability Task Force with education and outreach about various sustainability issues (cartridge, paper, aluminum, and plastic recycling; water conservation; energy conservation; litter control; and other issues). The Steward will help collect and sort recyclables, and will assist with development and dissemination of sustainability education programs. Other duties as required.

Responsibilities:

The Student Sustainability Steward will work 15-20 hours per week, on a schedule to be mutually agreed upon between the student and supervisor. The student should be able to work independently and as part of a team, to participate in developing creative promotions for sustainability, and to help educate faculty, students, and staff about the need for ecological sustainability.

Recommended job qualifications for this position:

The student should have a personal interest in and commitment to preserving and protecting the environment. In addition, the student should be able to engage in moderately strenuous physical activity and should have a creative mind.

Number of students: 2 (Cooper, Regency); 1 (Leestown); 1 (Lawrenceburg); 1 (Danville)
