**mission**

With students at the heart of our mission, Bluegrass Community and Technical College provides open access to excellence in teaching and learning. Through comprehensive and responsive programs and services, we sustain a strong partnership with the community to improve economic vitality and quality of life in the region.

In pursuit of our mission, Bluegrass Community and Technical College provides the following:

- Certificate, diploma, associate degree, and transfer programs
- Remedial/developmental education programs
- Adult education programs
- Workforce, business and industry customized training programs
- Continuing education and community outreach
- State-of-the-art technology
- Student- and customer-centered support

**vision**

Bluegrass Community and Technical College is the premier provider of educational opportunity and a leading force for social and economic vitality in the region.

**values**

In pursuing our vision and enacting our mission, Bluegrass Community and Technical College holds the following as the values underlying all activities:

- Open access and affordability
- Excellence in teaching, advising, and supporting students
- Lifelong learning
- A culture of trust, respect, and open communication
- Diversity of thought, culture, and experience
- Transferability and applicability of skills and coursework
- Efficiency and effectiveness
- Strategic planning
- A skilled workforce and economic vitality
- Flexibility in responding to community needs

Bluegrass Community and Technical College is growing and expanding to take higher education to all Bluegrass citizens. In December 2005, the Southern Association of Colleges and Schools (SACS) granted single accreditation to our newly-consolidated institution. This allowed us to officially launch an extensive marketing campaign to brand our new name which reflects the region we serve. Soon you will see on all campuses new signage reflecting this change. The consolidation of Central Kentucky Technical College and Lexington Community College has established an institution that is far greater than the sum of its parts. Changes and challenges lie ahead of us, but together we are forming one comprehensive community and technical college with over 100 years of combined experience in postsecondary education.

One area of focus has been the completion of the administrative team at the college. After an extensive search and interview process, I am proud to announce that Dr. David Hellmich, formerly from South Central College in Minnesota, has been appointed to the position of Vice President of Learning Services and Academic Affairs. Dr. Hellmich’s experience as a faculty member and administrator at the community college level brings to a close the search for a well qualified and competent administrative staff which I am certain will take our college to the next level.

The “community” in our college name encompasses a very large area indeed. We have students enrolled on six campuses and at three satellite locations. The first annual graduation ceremony in May was a celebration for the combined colleges. In all, 838 associate degrees, 311 diplomas, and 1,242 certificates were awarded.

We broke ground in June on the new Winchester-Clark County Campus. Thanks to a substantial gift, this new campus will also house a child development center. We are in the Phase B planning stage for a new classroom building on our Cooper Campus. This new 100,000-square-foot building will be only the second LEED certified “green building” on a college campus in the Commonwealth of Kentucky.

New satellite locations were opened this year in Lancaster and Georgetown. Through a partnership with Eastern Kentucky University, the Lancaster Higher Education Center opened its doors this fall. The Center allows students in the Garrard County and Lancaster area to enroll in 100- and 200-level courses offered by Bluegrass Community and Technical College. Eastern Kentucky University will offer 300- and 400-level courses allowing students to complete associate and bachelor degrees while remaining close to home.

Another celebration is the development and planning for the Bluegrass Advanced Technology Center in Georgetown. The 65,000-square foot facility will allow spaces to be “re-programmed” as technology changes and will be designed to support competency-based, modularized instruction. This state-of-the-art center will also house classrooms for general education courses.
Just as we are growing physically, we also continue to grow and expand academically. The North American Racing Academy, a first in the United States, enrolled its first students in September. This program will train individuals in all aspects of the horse racing industry, and at the same time we’re enriching our theatre offerings. We recently unveiled a new theatre arts and film production program.

Such diverse programming requires a diverse faculty and staff. Bluegrass Community and Technical College has always placed a strong emphasis on diversity. With our new Vice President of Multicultural Affairs position along with positions such as a Hispanic Outreach Coordinator, a Diversity Outreach Coordinator, and a Cultural Arts Outreach Coordinator, BCTC will generate a significant impact. One goal in this area is to provide diversity training to all faculty and staff. Administrators participated in the training during the spring semester, and new faculty and staff will attend training in the upcoming year. We enrich our understanding by hosting visiting scholars as well. BCTC hosted visiting scholars from China and Kenya. These visiting scholars taught about their cultures while learning about ours. To further enhance our focus on diversity, access and opportunity, Bluegrass Community and Technical College became the only Kentucky community college, along with nine other postsecondary institutions in Kentucky and West Virginia, to be awarded a Louis Stokes Alliances for Minority Participation grant. The grant will focus on increasing the number of minorities with bachelor’s degrees in the areas of Science, Technology, Engineering, and Mathematics (STEM).

Many people and organizations have given us support this past year. Our Board of Directors and newly formed BCTC Foundation Board members have been a tremendous asset. These individuals unselfishly support the goals and mission of this wonderful institution. Our partnerships with local school systems, area colleges and universities such as the University of Kentucky, Eastern Kentucky University, Kentucky State University, Georgetown College and Midway College are excellent examples of working side by side to help all students.

We stay dedicated to bridging access and opportunity for all, and I thank the many people who support this superb institution.

Best wishes,

Jim Kerley, President & CEO
snapshot of our college

BCTC is a comprehensive two-year community and technical college and is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (SACS). We offer more than 40 technical programs in addition to pre-baccalaureate programs. Our general studies courses are transferable to nearly every accredited college in the country.

BCTC is a smart choice for many students because we:

- Offer lower tuition rates.
- Provide technical degrees for today’s jobs.
- Provide transfer degrees to four-year colleges.
- Deliver job training programs.
- Refresh a student’s basic skills.
- Help a student decide where to start.
- Provide business and industry training.

BCTC offers flexible scheduling, evening classes, weekend college and distance learning. The college strives to support local businesses and industries by meeting their workforce development needs.

Workforce development training, adult education, continuing education, and English as a Second Language are offered at several locations across Fayette County. A broad range of instructor-led and online personal development courses are offered to enrich the lives of residents.

The Adult Education Program serves anyone 16 years or older who is not currently enrolled in high school and is in need of basic skills upgrade. Programs include GED preparation, ESL, College Preparation, Family Literacy, Corrections Education and Workplace Education.
Opportunity College is designed to assist high school students with transition into college. Students can take college classes through dual enrollment and dual credit at a reduced fee. During the summer months, the Continuing Education Department offers an outstanding Kids College.

Bluegrass Community and Technical College has an enrollment of more than 11,000 students and employs 491 full-time faculty and staff and 350 part-time faculty and staff.

**degrees offered**

BCTC offers two-year Associate in Arts (A.A.), Associate in Science (A.S.), and Associate in Applied Science (A.A.S.) degrees. We also offer diploma programs as well as certificate options in many of our technical programs.

**Academic and Technical Programs**

- Dental Lab Technology
- Dental Technology
- Direct Support
- Human Services
- Education andParaeducator
- Electrical Technology
- Emergency Medical Technology

campus locations

Bluegrass Community & Technical College offers Associate in Arts and Associate in Science degrees, twenty-two Associate in Applied Science degrees, thirty-five diplomas, and 101 certificates through its six campuses located in Lexington, Lawrenceburg, Winchester-Clark County and Danville. The college also provides customized workforce development training, adult and continuing education, and English as a Second Language.

In addition to the six campuses highlighted below, classes are offered in Nicholasville, Lancaster, Georgetown, Northpoint and Blackburn Correctional Facilities, and downtown Lexington.

cooper campus
Located adjacent to the University of Kentucky campus, this campus houses the Dental Hygiene, Nursing, Radiography, Dental Lab, Nuclear Medicine, Respiratory Care, Architectural Technology and many other associate degree programs. This campus has a strong transfer program.

leestown campus
This campus houses Auto Body, Practical Nursing (LPN), Carpentry, Cosmetology, Surgical Technology, Electrical Engineering Technology, Welding, Industrial Maintenance and many more programs.

regency campus
This campus offers general education classes, weekend college, bit-term classes (Fall II and Spring II). This campus is also home to the Talent Search and Upward Bound programs.
This campus has experienced phenomenal growth since it began six years ago. Currently the capital campaign has raised over $1.7 million to fund construction of a 25,000-square-foot classroom building. The new campus will be located in Industrial Park on 10 acres donated by the Winchester & Clark County Industrial Development Authority.

diversity and global awareness

- President Kerley and his leadership team participated in the Mandala Movement, Strategic Diversity Leadership, and Management Training. The training was designed to help leaders strengthen and support the college’s increasingly multicultural environment.
- The BCTC International Student Association celebrated International Education Week. BCTC has been home to 72 international students on student visas that represent 33 countries. The group also held its second annual Spring Break Retreat.
- BCTC was host to the Latino Student College Fair. More than 300 high school students from 14 counties around the state attended.
- BCTC offered the first College Experience Camp for ESL/Hispanic high school students in Fayette County. The goal of the camp was to motivate students to stay in school and plan for college and to increase academic skills in English as a second language.
- Faculty members Iddah Otieno, Ryan Kelly, and Carol Hunt participated in the inaugural Summer Faculty Exchange at Maseno University in Kenya.
- Faculty member David Wachtel (below) presented a paper, “Bringing China to Rural America: A Case Study in Kentucky,” during an international conference in Shanghai, China.
- The second Annual African-American Recognition Breakfast was held on the Lawrenceburg Campus.
During Black History month, BCTC hosted several events, two of which were “York,” a one-man performance about York, the servant of William Clark, and “Anna Mac Clarke, Military Pioneer,” a one woman performance about a Lawrenceburg native and Kentucky State University graduate who made history when she became the first black WAC officer to command a white unit.

BCTC received the 2006 Lauren K. Weinberg Humanitarian Award. Presented by the Kentucky Council for Community and Justice, the college was recognized as an institution constantly striving to become more culturally competent while providing excellent academic instruction.

BCTC has been home to 72 international students on student visas that represent 33 countries...
**community outreach**

**Faculty and Staff**

Sustaining a strong partnership with the community to improve economic vitality and quality of life in the region is a part of the college's mission. BCTC faculty and staff volunteer thousands of hours each year by participating in fundraising events, serving on boards, working on community projects, and donating funds to charitable foundations.

BCTC employee community service impacts the Lexington-Fayette County, Winchester, Danville, Lawrenceburg, Nicholasville, Richmond, Georgetown, and Versailles communities. Listed are just a few examples of our faculty and staff contributions:

**Board Service**
- Explorium of Lexington
- YMCA
- YWCA
- Ohio River Foundation
- Friends of Wolf Run
- Big Brothers Big Sisters
- LexInc
- LexArts
- Bluegrass Rape Crisis Center
- Jessamine County Career & Technical Center
- Leadership Lexington
- Leadership Lexington Youth Group
- 4-H Extension

**Volunteer time, talents and dollars**
- KET telethon
- Kentucky Watershed Watch Program
- United Way
- Big Brothers Big Sisters Bowl for Kids’ Sake
- Salvation Army Kettle and other Christmas activities
- Salvation Army “Back to School Clothes for Kids”
- “Friends of the Library” Book Sale
- Hosted five blood drives
- Bluegrass Task Force on Long-Term Care
- Bluegrass Regional Mental Health Hospice
- Cut-it-Out for Domestic Abuse Program
- Educational presentations at area schools and during community events
- Judged high school and middle school competitions
- Hosted Science Olympiad
- Hosted Skills USA
- Hosted Ms. Fix It
- New computer lab for residents at Rose Mary C. Brooks Place retirement home thanks to a community partnership between Robert and Lana Schrader and BCTC

**Students**

- The ultimate measure of our success can be measured by the actions of our students. Many BCTC students made great strides in the classroom and in the community. In addition to participating in service learning projects, BCTC students and student organizations volunteer their time, talents, and dollars to help others in the community.

- The Alpha Phi Kappa chapter of Phi Theta Kappa raised over $2,200 in support of the Fayette County Relay For Life event. The organization also completed numerous service projects throughout the year that included raising money for Hurricane Katrina victims.

- Members of the Peace and Justice Coalition raised funds to help Hurricane Katrina victims.
• BCTC Electrical Technology students participated in the United Way of the Bluegrass Total Makeover. Students installed track lighting and ceiling fans at a local preschool.

• BCTC Welding and Machine Tool Programs, Danville Campus, teamed with First Southern National Bank to build a portable grill for community use in Danville. The grill, attached to a trailer, can be transported by car for use by local student and community organizations.

• BCTC’s Kentucky Association of Nursing students held a two-day relief drive to help victims of Hurricane Katrina. Students collected three vehicles of dry goods, water, bandages, toothpaste, and hygiene and cleaning supplies.

BCTC faculty and staff volunteer thousands of hours each year serving on boards, working on projects, and donating funds to charitable foundations.
student access

- BCTC and Kentucky State University (KSU) partnered to help make higher education more affordable and accessible. The B-K Partnership is designed to encourage more students to begin their postsecondary education at BCTC and then transfer seamlessly to KSU. A new 2 + 2 + 2 higher education agreement involving BCTC, Georgetown College, and Scott County High School (SCHS) will provide financial aid assistance to gifted SCHS students. With this aid, students who plan to obtain an Associate in Arts or Associate in Science degree at BCTC can transfer to Georgetown College.

- The Learning Resource Center on the Leestown campus received a number of upgrades including new computers, laptop checkout, and a full-time staff member to assist students.

- BCTC opened the One-Stop Student Services Center on the Leestown Campus. The Center provides one location for students to access and maintain their information regarding Admissions, Financial Aid, Records and Registration, eliminating the need to go from office to office.

- The Downtown Education Center, newly renovated, became the home of the Adult Education Department. The center provides GED, ESL, ELL, Family Literacy, College Prep and Academic Refresher classes.

- The Assessment Center on the Leestown campus increased testing opportunities and expanded the scope of licensure tests offered through the ACT Center.

- The Adult Education Department enrolled more than 80 students in the new Adult Education English as a Second Language program. The program taught students the fundamentals of United States government, government services and the responsibilities of being a good citizen.
BCTC was one of 40 colleges and universities nationwide to receive the 2006 HP Technology for Teaching Grant which will enhance learning in engineering, math, science, computer science and business courses.

- The Transfer Center opened on the Cooper Campus to assist students with the seamless transfer of credits to a four-year institution.
- BCTC’s Technology Department installed new laser printers in ten classrooms and new computers in the Nursing, Office Technology and Cisco labs on the Leestown campus.
- The Technology Department installed new workstations in classrooms on the Cooper, Danville and Lawrenceburg campuses.
- The Technology Department implemented wireless technology district-wide.

More than 80 new students enrolled in the Adult Education English as a Second Language program in 2006.
academic excellence and student success

Commencement

BCTC held its first commencement ceremony in May 2006 at the Lexington Civic Center. BCTC awarded 838 Associate Degrees, 311 Diplomas, and 1,242 Certificates.

Mr. Cecil M. Keeney, President and CEO of the Walle Corporation in Winchester was the commencement speaker. Keeney, a veteran of World War II, began his college career at Ashland Junior College and upon graduation attended the University of Kentucky to study mechanical engineering. He later served as the Chief Marine Engineer for the United States Coast Guard. After completing his service with the Coast Guard, Mr. Keeney became the Chief Executive Officer and Managing Partner of the largest barge building company in the world. Upon retirement in 1981, he purchased the Walle Corporation where he currently is the Chief Executive Officer and Managing Partner.

In a separate ceremony, 290 central Kentuckians received their high school equivalency certificate (G.E.D.) through BCTC’s Adult Education Program.
The 2006 Outstanding Program Graduates:

Jennifer Lynn King, Associate in Arts Graduate
Josie Pippin, Associate in Science Graduate
Kathryn Sara Clark, 2006 Outstanding Pre Baccalaureate Graduate
George Donker, Jr., Architectural Technology and 2006 Outstanding Technical Graduate
Daniel S. Medley, Auto Body Repair
John L. Varner, Automotive Technology
Michael Ray Dean, Air Conditioning Technology
Sara Sue Fisher, Business Management and Marketing
Jonathan Mark Trailor, Carpentry
Barry Johnson, Civil Engineering Technology
Dana Faye Howard, Computer and Information Technologies
Tajuana L. Shelby, Cosmetology
Robin Lynn Young, Dental Assisting
Mandie Brook Geers, Dental Hygiene
Lindsay Patterson, Dental Laboratory Technology
Matthew Clay Gordon, Electrical Technology
Daryl Janisch, Electrical Engineering Technology
Dustin Wolfe, Engineering Technology

John T. Silvery, Environmental Science Technology
Jason A. Ransdell, Environmental Technology
Katherine Erika Bakken, Fire/Rescue Science Technology
James Daymon Brown, Industrial Maintenance Technology
Katherine Marie Shoemaker, Information Management Design
La Monte W. Rosbrook, Information Technology
Kisha LyNette Dicks, Interdisciplinary Early Childhood Education
William Andrew Hagan, Machine Tool Technology
Kristie Alisha McFarland, Medical Assisting
Mary Katherine Hamilton, Medical Information Technology
Chinne Ogbonna, Nuclear Medicine Technology
Cheryl Pedigo, Nursing
Lorie Davis, Office Systems Technology
Donna Zelinski, Practical Nursing
Ashley Erin Branham, Radiography
Terri A. Chrisco, Radiography
Tracy L. Chamberlain, Respiratory Care
Rae Gina Yarnell, Surgical Technology
Joey R. Hill, Welding Technology
Bluegrass Community and Technical College continued to maintain and increase the pass rates for licensure and certification exams:

Dental Laboratory Technology Program students scored a 100% pass rate on the Recognized Graduate Exam. The 2005 test scores currently rank the program #2 in the nation.

The Dental Hygiene Program had an SRTA state board 100% pass rate for the 2005 graduating class. This is the third year in a row that the program has had a perfect pass rate.

The Kentucky Board of Nursing recognized the Associate Degree Nursing Program for its outstanding board pass rate. The NCLEX-RN pass rate for the 2005 graduating class was 97% for first-time test takers.

The Licensed Practical Nurse Program achieved a 94% pass rate on the National Council Licensure Examination.

The Radiography Program had an American Registry of Radiography Technologist (ARRT) state board 92% pass rate for 2005 graduating class.

The Nuclear Medicine Program had an NMTCB state board 85.7% pass rate. Two graduates were recognized for their high scores with a designation of Pass with Distinction.

The Surgical Technology Program pass rate of 100% on the Program Assessment Exam (PAE) was 11th best in the country.

Outstanding Faculty and Staff Make a Difference

Thirty faculty members were named to the 2004–05 edition of “Who’s Who Among America’s Teachers”.

Brandon Knight received the 16th Annual Carolyn Beam Award.

Beth Brady, Dan Buck, Jeanne Humble, and Bret Ripley were recognized by the University of Kentucky’s College of Education during their annual “Teachers Who Made a Difference” program.

Linda Faul was the first recipient of the Eva Bellamy/Linda Faul Award.

Libbie Ritchie was awarded the Outstanding Adjunct Technical Education Faculty Award.

James Wright received Outstanding Adjunct General Education Faculty Award.

Linda Faul (left) received the first “Eva Bellamy/Linda Faul Award” from Dr. Kerley for 26 years of dedicated, empathetic and student-oriented service.
Numerous faculty and staff members have published articles, short stories, essays, and poems in both state and national publications and presented papers at conferences.

**Student Honors**

Twenty-seven BCTC students were inducted into the National Technical Honor Society.

BCTC Phi Beta Lambda student organization won several contests at the Future Business Leaders of America State Competition.

Twenty students were inducted into the BCTC Alpha Phi Kappa Chapter of Phi Theta Kappa.

Lindsay Patterson, 2006 Dental Laboratory graduate, was featured as one of the top 10 dental laboratory students in the United States in the *Journal of Dental Technology*.
Expanding Access

The campaign for a new permanent campus in Winchester-Clark County reached a milestone in 2005–2006. Through the generosity and support of the local community, BCTC was able to raise sufficient funds to break ground for construction. In August 2005, a challenge grant by the Winchester Board of Commissioners pledged matching funds of up to $250,000. Individuals and corporations stepped forward to meet the challenge. Vic and Mary Bloomfield and family led the way with a $100,000 gift in memory of their son, Jim Bloomfield. The Winchester Sun, with Schurz Communications, presented a check for $50,000. Special events included waffle sales during the Daniel Boone Pioneer Festival, courtesy of the Waffle House; celebrity waiter night at Golden Corral; ticket sales to the Kentucky Country Showdown; a gala hosted by St. Joseph Catholic Church; and a live auction and telethon broadcast on Adelphia Channel 5 and WYAH 93.7 FM. Walle Corporation closed the gap with a donation of $11,325. The community’s overwhelming response enabled the College to secure the city’s challenge match of $250,000.

Removing Barriers

In addition to the generosity for the Winchester-Clark County Building Fund, BCTC received gifts for new scholarships in 2005–2006. The new scholarships are:

- Raymond L. and Mabel Haggard Quisenberry Endowed Scholarship
- Osram Sylvania Memorial Scholarship
- Firefighter Stanley D. Holland Memorial Scholarship

Additional funds were received for the following scholarships:

- Ralph L. Oliver Scholarship
- Samaritan Volunteers Scholarship
- Lewis E. Owens Scholarship
- Tony J. Tombasco Memorial Scholarship
- Jack B. Jordan Scholarship
- Timothy A. Cantrell Scholarship
- Gordon M. Nichols, Jr., Scholarship
- Environmental Science Technology Scholarship
Honoring Donors

In order to recognize its donors, The Breathitt Society, BCTC’s giving society, was revived in October 2005. A dinner was held at the Lafayette Club in downtown Lexington for donors who had given or pledged an individual or cumulative amount of $10,000. The Breathitt Society is named after Governor Edward “Ned” Breathitt, who was a strong supporter of the college.

Planning For The Future

BCTC has for many years dreamed of having its own foundation. The College took the first steps toward establishing one in 2005–2006. A charter was approved for a foundation, and an initial board of directors was established. Local businessman Alan Stein was selected as the first Chair. Martha Tarrant, with Ross-Tarrant Architects in Lexington, was elected as Vice-Chair, and Doug Oliver, East Kentucky Power in Winchester, assumed the Secretary/Treasurer position. The Board held two meetings to establish its operating structure.

This year brought funding for a new campus, new scholarships, a giving society and a foundation...
grants

New grants in 2005–2006:

- Title III Strengthening Institutions: A grant of $1,467,023 over a five-year period from the U.S. Department of Education was awarded to establish the Transfer Center at BCTC. The project began in October 2005 and has already established a strong presence on campus.

- Advanced Manufacturing Learning Center: BCTC and Toyota will be primary partners in a $2,480,852 grant awarded to the Kentucky Community and Technical College System by the U.S. Department of Labor. This three-year grant will establish a center in Georgetown to offer a wide variety of state-of-the-art training in automotive manufacturing.

- English Literacy/Civics Education: A grant of $44,239 from Kentucky Adult Education will provide individuals of limited English proficiency with the basic skills they need to participate effectively in the education, employment, and civic opportunities of the U.S.

- HP Technology for Teaching: A grant valued at $70,000 was awarded to Brent Eldridge, chemistry faculty. A classroom set of HP tablet PC’s will be used to integrate wireless technology in chemistry lab courses through field experiences and real-time data collection.

- Kentucky Network for Reducing Collegiate Substance Abuse: A $4,000 grant was awarded to Jennifer Parr, nursing faculty, to conduct a survey of alcohol and drug usage among students and carry out a social norming campaign to reduce usage.

Major grants continued in 2004–2005:

- Adult Basic Education: Over $1.3 million in grant funds from Kentucky Adult Education helped to provide classes in GED, Learn to Read, and English as a Second Language to over 5,500 people in Fayette County.

- Carl D. Perkins Vocational and Applied Technology: Over $792,000 was used to upgrade computers and equipment, provide professional development, and expand programs.

- Talent Search and Upward Bound: Funded by the U.S. Department of Education, these programs provide support services to disadvantaged middle and high school students to encourage their enrollment in college.

Innovation grant program:

The innovation grant program provides an opportunity for faculty and staff to apply for up to $2,000
to implement a project that supports the vision and mission of the college. This year’s grant recipients were

- Sandra Swanson/Melanie Williamson/James Kolasa: Improving the Program Design Course Using Mobile Devices
- Claude Gross: Construction Pathways for Secondary Students
- Norm Strobel/Larry Porter: Testing of Fungicides for Plant Disease Management
- Becky Critchfield: A Tutor’s Workshop
- Robert Chirwa: Minority Students’ Preparedness for Computer Courses
- Chloe Buchholtz: CPR/First Aid/AED Training for Working Professionals
- Erin Howard: Multicultural Ambassadors
- Larry Porter/Kevin Hopper: Molecular Evolution Study
- Clovis Perry, Jr.: Weather Station for Danville Campus
- Don Peters: Kentucky Employability Certificate Video
- Lise Roemmele/Linda Yonts: Health Screening and Wellness Program
- Don Halcomb/Debbie Holt/James Kolasa: Training for Part-Time Faculty

Grant funding continues to support a variety of special programs and initiatives...

Outstanding Alumnus of the Year

Lexington resident David Prewitt received the 2006 honor during the graduation ceremony in May. Prewitt, owner of Prewitt Mechanical Contractor, graduated from Lexington Community College in 1985 with a degree in Engineering Technology.

The BCTC Alumni Association is comprised of more than 300 current and former students, faculty and staff. It was formed to provide fellowship, help alumni maintain contact with one another, and encourage their interest in the activities of the college.

Numerous events were held during the year, including a successful Homecoming celebration.

The Alumni Board of Directors worked tirelessly during the year in support of the Association. The chair of the Association for 2005–2006 was Gary Mackin.

alumni board members:
Mary Blaydes        Donna Overmyer, 1968
Lauri Bodenbender, 2004 Dori Rhodus, 1995
Claudia Carroll, 1996 Lynn Roser, 1985
Guy Cornish, 1987   Regina Shank, 1999
Robin Gornto, 1977  Randy Shewmaker, 2003
Dana Leppert, 2005  Pamela Sizemore
Gary Mackin, 2000 (chair) Brenda Willoughby, 1984
Tom Masterson, 1975

Mr. David Prewitt (far left), the 2006 Outstanding Alumnus of the Year, is congratulated by (left to right) Mr. Cecil Keeney, CEO Walle Corporation, Mr. Tom Masterson, President of the BCTC Alumni Association and Dr. Jim Kerley.
Bluegrass Community and Technical College (BCTC) is committed to a policy of providing educational opportunities to all qualified students regardless of economic or social status, and will not discriminate based on race, color, religion, sex, marital status, beliefs, age, national origin, sexual orientation, or physical or mental disability.

Compliance with Title IX of the Educational Amendments of 1972, which prohibits sex discrimination, and with Title VI of the Civil Rights Act of 1964 is coordinated by Marilyn Childre, Bluegrass Community and Technical College, 202 B Oswald Bldg, Cooper Drive, Lexington, KY 40506, 859.246.6200.

Efforts to comply with the laws and regulations applicable to people with disabilities are also coordinated by Marilyn Childre, Assistant to the President, as required by Section 504 of the Rehabilitation Act of 1973, and the Americans with Disabilities Act of 1990.

Questions concerning compliance with regulations may be directed to the Bluegrass Community and Technical College’s Assistant to the President or to the Director of the Office of Civil Rights, U.S. Department of Education, Philadelphia, PA.

BCTC is in compliance with the Drug-Free Workplace Act of 1988 and the Drug-Free Schools and Communities Act Amendment of 1989. Questions may be directed to the BCTC’s Student Affairs Office or the Assistant to the President.

Questions about admission to BCTC should be directed to the Admissions Office.

BCTC offers two-year Associate in Arts (A.A.) and Associate in Science (A.S.) degrees or students can earn an Associate in Applied Science (A.A.S.) degree, diploma or certificate in more than 35 technical areas.

Official curricula, policies and procedures are contained in the 2006–2007 Bluegrass Community & Technical College Catalog. BCTC will follow all published deadlines. The College reserves the right to change course offerings and to cancel any course not selected by a sufficient number of students at the time offered.

A College of KCTCS.
